1. So, let's stir it up in the Spirit's power.
- G C Bb  
Today is the day, now is the hour;  
G C Bb  
for Grace and truth to blaze away;  
G C  
we can stand in confidence, we have something to say.
2. So, let's stir it up not just survive;  
or to keep the buildings open or to worship programs and pride;  
but to further the Gospel; to meet our neighbors anew.
- C D  
To go out in the air; to see what we can do.
- C G  
3. So, let's stir it up with Jesus to guide;  
C G  
we do not preach ourselves, but Him Crucified.  
C G  
We risk ridicule; we consider in prayer;  
A D  
the neighbors in need to show them we care.
4. So, let's stir it up in money and time,  
put plans into action; something new is no crime;  
Reformation's a word with an edge to action,  
C D  
the joy of the Lord will give us strength and traction!
- C G  
5. So, let's stir it up; comfort-convict,  
C G  
convince by our actions; confess with our lips;  
C G  
that opportunity lies just 'round the bend:  
A D  
we're just getting started who knows where it ends.
